

Futurebuild 5th-7th March 2019 at Excel London.
Visit us at stand F133 adjacent to the Urban
Infrastructure theatre.

Daily programme

The Trees and Design Action Group (TDAG) stand at Futurebuild will showcase the latest work by us and our research and practice partners. Specialists in their field, many of whom are contributing to Urban Infrastructure seminars, will be on the stand at specified times each day to discuss their work and answer questions on a one-to-one basis.

The topics under discussion will cover all aspects of trees in the urban environment including flood management, air quality, reducing the urban heat island, improving physical and mental health, supporting biodiversity, valuing green infrastructure, planning policy and implementation, improving canopy cover especially in areas of deprivation, integrating trees and utilities, biosecurity, citizen engagement and tools for wilding your street.

TDAG would like to thank the following organisations for supporting our stand at Futurebuild 2019

Tuesday 5th March 2019

10.30-11.40

Using the Interactive Tool for TDAG's Tree Species Selection Guide for Green Infrastructure

Steve Parker, TDAG Designer, Reduction Limited.

The Tree Species Selection Guide can be found at:

<http://www.tdag.org.uk/species-selection-for-green-infrastructure.html>

Urban Canopy Cover and Urban Forest Research Updates

Kieron Doick, Head Urban Forest Research Group, Forest Research. Further information on Forest Research can be found at:

<https://www.forestresearch.gov.uk/>

The Work of a Local Authority Tree Officer

Jon Ryan, Arboricultural Manager, LB Islington.

11.40-13.10

Greater Manchester Natural Course Projects

Pete Stringer, Technical and GI Planning Manager, Manchester City of Trees.

More information about 'Natural Course' can be found at:

<https://naturalcourse.co.uk/>

New Policy Approaches for Urban Trees

Jim Smith, Urban Forestry Adviser, Forest Commission, England. Jim is also taking part in an Urban Infrastructure seminar today at 10.30.

Using the Interactive Tool for TDAG's Tree Species Selection Guide for Green Infrastructure

Steve Parker, TDAG Designer, Reduction Limited.

The Tree Species Selection Guide can be found at:

<http://www.tdag.org.uk/species-selection-for-green-infrastructure.html>

13.10-14.40

Tools for Valuing Green Infrastructure - a Practitioner's Guide

Dr Emma Ferranti, Research Fellow, School of Geography and Earth Sciences, University of Birmingham. Emma is also taking part in an Urban Infrastructure seminar today at 15.00.

Tree Production and Biosecurity - a Tree Nursery Perspective

Adam Dunnnett, Amenity Sales Director, Hillier Nurseries.

Further information about Hillier Nurseries can be found at:

<https://www.hillier.co.uk/>

14.40-16.10

The Latest Research and Planning Updates from the TCPA

Julia Thrift, Projects Director, Town and Country Planning Association (TCPA).

Julia is also chairing an Urban Infrastructure session today at 13.30.

Getting Tree Protection and Irrigation Right

Richard Wexham, Product Specification Manager, gtSpecifier. Green-Tech can provide further information at stand E120 nearby.

16.10-17.40

Engaging Community Support for Urban Trees

Helen Davies, Post Graduate Research, School of Geography and Environmental Science, University of Southampton.

Helen is also taking part in an Urban Infrastructure seminar today at 15.00.

Using the Interactive Tool for TDAG's Tree Species Selection Guide for Green Infrastructure

Steve Parker, TDAG Designer, Reduction Limited.

The Tree Species Selection Guide can be found at:

<http://www.tdag.org.uk/species-selection-for-green-infrastructure.html>

Wednesday 6th March 2019

10.30-11.40

Using the Interactive Tool for TDAG's Tree Species Selection Guide for Green Infrastructure

Steve Parker, TDAG Designer, Reduction Limited.

The Tree Species Selection Guide can be found at:

<http://www.tdag.org.uk/species-selection-for-green-infrastructure.html>

11.40-13.10

Demonstrating the Wild Streets Citizen Engagement Tool

Ascha Lychett Pedersen, Founder and CEO Wild Streets.

Ascha is also taking part in an Urban Infrastructure seminar today at 10.30.

Why Professionalism Matters - Guidance from the Institute of Chartered Foresters

Dr Stuart Glen, Member Services Director, Institute of Chartered Foresters (ICF).

Further information about the ICF can be found at:

<https://www.charteredforesters.org/>

Integrating Trees and SuDS

Dean Bowie, CEO, Green Blue Urban. Green Blue Urban have further information on stand G149 in the City Walk nearby.

13.10-14.40

The Biosecurity Challenge - a Major Threat to our Tree Resources

Simon Richmond, Senior Technical Officer, Arboricultural Association. The AA will have printed copies of its latest guidance on biosecurity for sale at £15.00 (cash only).

Using Trees to Make People Happier and Healthier

Jeremy Barrell, Managing Director, Barrell Tree Consultancy.

If Trees Could Tell Stories

Christina Gestra, Consultant Landscape Architect.

14.40-16.10

Trees, Planning and Development - the Forthcoming TDAG Guide Explained

Anne Jaluzot, lead researcher and writer for TDAG guidance documents. Anne is also taking part in an Urban Infrastructure seminar today at 13.30.

Thursday 7th March 2019

**Research and Best Practice –
Urban GreenUP Liverpool**

Paul Nolan, Director, The Mersey Forest.

Further information about The Mersey Forest's work can be found at:

<https://www.merseyforest.org.uk/our-work/urban-greenup/>

16.10-17.40

**Our Research and Case Studies
on Trees and urban Surface Water
Management**

Phil Tomlinson, Infra Green Business Manager, Polypipe.

Polypipe Civils have further information on stand G160 nearby.

**Using the Interactive Tool for TDAG's
Tree Species Selection Guide for
Green Infrastructure**

Steve Parker, TDAG Designer, Reduction Limited.

The Tree Species Selection Guide can be found at:

<http://www.tdag.org.uk/species-selection-for-green-infrastructure.html>

10.30-11.40

**Using the Interactive Tool for TDAG's
Tree Species Selection Guide for
Green Infrastructure**

Steve Parker, TDAG Designer, Reduction Limited.

The Tree Species Selection Guide can be found at:

<http://www.tdag.org.uk/species-selection-for-green-infrastructure.html>

**Urban Tree Management –
Central to Success**

Keith Sacre, Sales Director, Barcham Trees; Co-founder Treeconomics

and trustee of the Trees and Design Action Group.

Further information on Barcham Trees can be found at Stand G147

in the City Walk nearby.

11.40-13.10

Ash Dieback Action Plan

Sara Lom, Chief Executive, The Tree Council.

Further information about the Tree Council's work can be found at:

<https://www.treecouncil.org.uk/>

Gardening for Climate Change

Marc Redmile-Gordon, Senior Scientist for Soil and Climate Change, Royal Horticultural Society. Marc will have printed copies of the RHS Climate Change Summary report available on the day.

Further information from the RHS research can be found at:

<https://www.rhs.org.uk/science>

**Time to Update Manual for Streets?
Start with Designing the Underworld**

Robert Huxford, Director, Urban Design Group.

Robert is also taking part in an Urban Infrastructure seminar today at 10.30.

13.10-14.30

Urban Research Updates

Russell Ball, Fund4Trees.

Further information on Fund4 Trees can be found at:

<https://fund4trees.org.uk/>

**Urban Air Quality, Green
Infrastructure and Health**

Dr James Levine, Self-Directed Impact Fellow, Institute of Forest Research, University of Birmingham.

James is also taking part in an Urban Infrastructure seminar today at 14.50.

**The Role of Urban Trees and
Greenspaces in Reducing Urban
Air Temperatures**

Dr Madalena Vaz Monteiro, Urban

Forest Scientist, Forest Research. Further information about Madalena's work can be found at:

[https://www.forestry.gov.uk/PDF/FCRN037.pdf/\\$FILE/FCRN037.pdf](https://www.forestry.gov.uk/PDF/FCRN037.pdf/$FILE/FCRN037.pdf)
