essential ARB

essentialARB's main content is provided by individuals, businesses and organisations from all backgrounds within arboriculture and its related disciplines. Content is current and produces articles and information that are relevant to the industry.

Published bi-monthly, essentialARB is required reading for all in the industry - contractors, arborists, consultants, local authorities, managers and advisers - allowing them to keep abreast of the latest developments and make sound business decisions.

As well as being distributed to all readers of Forestry Journal, essentialARB is a standalone publication, with its own growing subscriber base.

essentialARB continues to be avidly read for its broad and relevant content. A lively mix of features, company profiles and industry news, coupled with equipment reviews, professional seminar coverage and show reports ensure that the content is relevant for anyone in the business of caring for trees.

Whether you are just starting out in the industry or if you have more experience, there is a wealth of information on business development, training and education, professional accreditation and general management within the pages of essentialARB.

essentialARB is the only totally independent arboricultural magazine.

It provides the modern arborist with the knowledge needed to survive at the cutting edge of the profession.

A lively mix of features, company profiles and industry news, coupled with equipment reviews, professional seminar coverage and show round-ups ensure that the content is relevant to anyone who is involved in the business of caring for trees.

In addition to a working knowledge of arboriculture, the modern arboriculturalist must be well versed in many regulatory and social issues.

Today, an arborist's abilities as a tree surgeon is just one aspect of his/her required skill set - this is an evolving and expanding field that is becoming increasingly complex and specialised.

The skill of the professional arborist is needed now more than ever to preserve our most valuable environmental resource.

FEATURES 2020

Something for everyone in each issue!

Published bi-monthly, essentialARB's content will appeal to anyone working in the business of caring for trees - nurseries, tree surgeons, tree officers, consultants and ecologists.

Each issue contains features devoted to commercial, municipal and utility arboriculture.

In addition, special features run throughout the year focussing on particular topics. See the table below for more details.

Custom content:

Depending on your marketing objectives, custom media can be a perfect fit. Contact us and we will be happy to discuss your marketing goals.

Options to consider include:

A company case study: People want to know what's working for others. Tell how your company helps your clients be more successful. We'll take the lead for you and tell your story.

A client feature: There is no better recommendation than that of one of your customers... someone who uses your services or products day in, day out. A feature on one of your end users gets both you - and them - valuable publicity, and gets your story out there.

Call our Advertising Sales Manager, Dali Dahmane, today on **0141 302 7759** to discuss these options further

The trim area defines the size the page will be cut to. You should avoid the use of text up to the edge of the page, ideally keeping any important text within the 'type' area defined above. Where you require adverts to bleed off the page, a bleed area of 3mm all round should be added to the trim specs, as detailed above.

If you have any query regarding these specifications please call our production department on 01387 702271.

Front cover specification

Artwork for the front cover of Forestry Journal sits within a box measuring 253mm high x 216mm wide.

The masthead sits on the top of the page.

Copy requirement

We will accept advertising in a wide variety of formats. PDF format has become the standard (fonts should be embedded and pictures should be CMYK).

The magazine is produced using Adobe InDesign, Photoshop and Illustrator. Please enquire before sending artwork in other formats.

Text and images should ideally be emailed. Digital images may be supplied on CDs and must be large enough to be printed at 300 dpi at the target size. Jpeg compression, if used, must be kept at a high level to ensure colour is not lost. Low resolution images cannot be accepted, and images from digital cameras derived from non-professional sources may be unacceptable.

Advertisements can also be made up in-house by our production staff.

Copy deadline is the 20th of the month prior to the month of publication.
