

Covid-19: Safe working practices in arboriculture

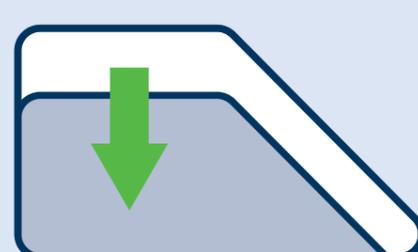

Travelling to and from work

Only go to site if you cannot work from home

Use separate vehicles wherever possible

If sharing a vehicle is unavoidable then open windows

On site

Avoid taking breaks in enclosed areas

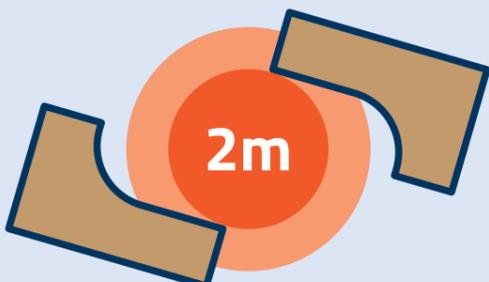

Avoid sharing equipment wherever possible

Limit interaction with customers/general public to a minimum

In the office

Rearrange desks to enforce social distancing, and do not share desks

Use desk partitions or screens if required

Avoid sharing communal items or food and drink

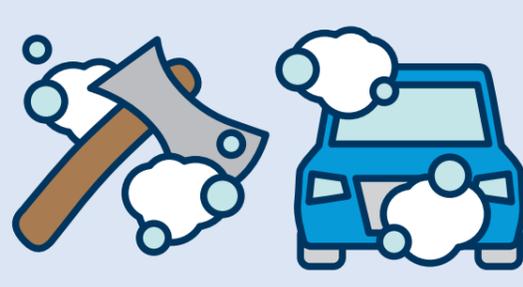

Always...

Wash hands and maintain social distancing

Ensure all workplaces are fully risk assessed

Disinfect surfaces, handles, equipment and vehicles regularly
