

5 ways to stay safe in your van during the coronavirus pandemic

- 1** If you have to go anywhere by van/car, go alone where possible.
- 2** If you can't go alone travel with the same colleagues where possible, protect yourself and all colleagues with PPE (including facemasks). Make sure you have contact details of all other passengers.
- 3** Disinfect your van/car thoroughly. Focus on the places you touch most often. Don't forget to wash your hands.
- 4** Leave windows open.
- 5** Fill up safely. Use contactless payment methods and mobile apps whenever possible.
